

Rock Family,

Have we told you lately how thankful we are for you; how humbled we are to be your Pastors? Just so you know...we are beyond grateful for this beautiful community of faith that loves well, lives by faith, feeds on the Word, hungers and thirsts for righteousness, gives generously, worships with devotion, and prays unceasingly! How blessed we are to serve alongside you.

We are journeying through a season where hurt and heartache, confusion and chaos are all around us. God is calling us, His Church, to join Him in the work of bringing hope, healing, and light to this world. It's a call to faith. A call to action. A call to prayer.

Let us PRAY:

·For the vulnerable, desperate, terrified people of Afghanistan who are struggling to survive the turmoil. For the brave Christians there who are committed to the work of the Gospel – that the Lord will protect and strengthen them as He upholds them with His righteous right hand.

·For an end to the COVID pandemic. For healing of all who are suffering from the virus. For attitudes of abounding love and compassion toward all of our neighbors as we journey through the unrest and uncertainty brought on by the pandemic.

·For an end to the wildfires that are burning across parts of the western United States. For protection and strength for all who live in the line of the fires and who are facing evacuation and all who are fighting the fires.

·For Haiti and all of her grieving and suffering people.

·Lord, show us how to respond. Break our hearts for all who suffer and motivate us to action. Through it all, may many come to know the saving grace of Jesus and find refuge in the Lord our God.

Let us ACT:

·FBCH + One More Child, one of our points of passion at The Rock, has ministry partners in Haiti. Through these partners they are able to efficiently get food and resources to children and families who are in need. The Rock is giving through them. You may give, as well. Indicate "Help For Haiti" on your check or online (www.therockworships.com). All donations will be recorded and sent to FBCH + One More Child.

May His blessing be upon you,

Monty and Kim
